BEEF RECIPES WITH FRESH MEAT

Calibra

# Calibra Dog Life

## Starter & Puppy

### Fresh Beef

Kibbles with fresh beef for puppies (1–4 months) of all breeds, also suitable for pregnant or lactating bitches. Beef formula with fresh meat and rice is complete dog food. It is characterised by excellent digestibility and is also suitable for sensitive digestion. The kibbles are very tasty. Selected, customised additives help support good digestion, immunity and overall proper development of the puppy.

### SPECIAL ADDITIVES

**VITAMINS AND CHELATED MINERALS** – supplementation of vitamins and a chelated form of minerals, which is highly usable by the organism, helps support the proper functioning of the organism, prevent disease and strengthen the immune system.

**SALMON OIL AND ALGAE OIL**  
**SCHIZOCHYTRIUM LIMACINUM** – a rich natural source of unsaturated fatty omega-3 acids (EPA, DHA), necessary for the development and function of the brain, support of skin function and hair quality. Omega 3 is also known for its anti-inflammatory effect.

**PREBIOTICS (FOS + MOS) AND PROBIOTICS LACTOBACILLUS HELVETICUS** – supporting the balance of the intestinal microflora and the proper functioning of the digestive tract, thus having a positive effect on the immune system and overall health.

**Composition:** beef protein (29 %), fresh beef (26 %), rice (23 %), beef fat (preserved with tocopherols, 10 %), dried apple pulp (6 %), hydrolyzed yeasts (2 %), salmon oil (2 %), egg shells (a source of calcium, 1 %), pea flour, algae oil (0.3 %, *Schizochytrium limacinum*), dried blackcurrant (0.2 %), mannan-oligosaccharides (120 mg/kg), dried rosemary (100 mg/kg), dried thyme (100 mg/kg), Mojave yucca (80 mg/kg), fructo-oligosaccharides (70 mg/kg), inactivated bacteria and parts thereof (*Lactobacillus helveticus* HA – 122, 15 x 10<sup>9</sup> cells/kg).

**Analytical constituents:** crude protein 30 %, crude fat 17 %, crude fibre 1.8 %, crude ash 6.2 %, moisture 9 %, calcium 1.1 %, phosphorus 0.8 %, sodium 0.2 %, magnesium 0.1 %, omega-3 fatty acids 0.3 %, omega-6 fatty acids 2 %, EPA (20:5 n-3) 0.1 %, DHA (22:6 n-3) 0.15 %, protein of animal origin from total content of protein 85 %.

**Metabolizable Energy:** 3,980 kcal/kg.

# Calibra Dog Life Starter & Puppy

## Lamb

Kibbles for puppies (up to 3 month) also suitable for pregnant or lactating bitches. Complete superpremium dry food with high quality lamb protein and low grain content (rice) is hypoallergenic and provides the necessary nutrients during this important stage in a dog's development. The recipe is highly digestible and is intended for the sensitive digestion of puppies and for the development of their immune system.

### SPECIAL ADDITIVES

**SALMON OIL 3%** – source of unsaturated omega-3 (EPA, DHA) fatty acids necessary for support of skin function and coat quality. Omega 3 is also known for its anti-inflammatory effect.

**VITAMINS AND CHELATED MINERALS** – supplementation of vitamins and a chelated form of minerals, which is highly usable by the organism, helps support the proper functioning of the organism, prevent disease and strengthen the immune system.

**FRUCTO-OLIGOSACCHARIDES AND MANNAN-OLIGOSACCHARIDES** – (FOS, MOS) are prebiotics that support intestinal microflora and the proper function of the digestive system and that strengthen the immune system.

**B-GLUCANS** stimulate and support the immune system.  
**LACTOBACILLUS ACIDOPHILUS** (inactivated) – has a paraprobiotic function and a positive effect on the immune system.

**Composition:** lamb protein (38 %), rice (20 %), poultry fat (12 %, preserved with tocopherols), hydrolyzed poultry protein (12 %), brewer's rice (7 %), apple pulp dried (3 %), salmon oil (3 %), yeasts, hydrolyzed chicken liver (2 %), prebiotics (mannan-oligosaccharides 150 mg/kg, β-glucans 120 mg/kg, fructo-oligosaccharides 100 mg/kg), dried rosemary & thyme (250 mg/kg), Mojave yucca (100 mg/kg), *Lactobacillus acidophilus* HA – 122 inactivated ( $15 \times 10^9$  cells/kg).

**Analytical constituents:** crude protein 32 %, crude fat 18 %, crude fibers 2.8 %, crude ash 7.6 %, moisture 9 %, calcium 1.5 %, phosphorus 1.2 %, sodium 0.4 %, magnesium 0.1 %, omega-3 fatty acids 0.7 %, omega-6 fatty acids 2.1 %, protein of animal origin from total content of protein 90 %.

# Calibra Dog Life Adult Small Breed

Lamb

Kibbles for adult dogs of small breeds (up to 10 kg). Complete superpremium hypoallergenic dry dog food with a high lamb protein content. The recipe has a low grain content (only rice) and is hypoallergenic.

## SPECIAL ADDITIVES

**SALMON OIL** – source of unsaturated omega-3 (EPA, DHA) fatty acids necessary for support of skin function and coat quality. Omega 3 is also known for its anti-inflammatory effect.

**VITAMINS AND CHELATED MINERALS** – supplementation of vitamins and a chelated form of minerals, which is highly usable by the organism, helps support the proper functioning of the organism, prevent disease and strengthen the immune system.

**FRUCTO-OLIGOSACCHARIDES AND MANNAN-OLIGOSACCHARIDES** – (FOS, MOS) are prebiotics that support intestinal microflora and the proper function of the digestive system and that strengthen the immune system.

**B-GLUCANS** stimulate and support the immune system.  
**LACTOBACILLUS ACIDOPHILUS** (inactivated) – has a paraprobiotic function and a positive effect on the immune system.

# Calibra Dog Life Adult Medium Breed

## Fresh Beef

Kibbles for adult medium breed dogs (10–30 kg).  
Complete superpremium dry dog food with a high chicken meat content. The hypoallergenic recipe is based on high quality animal proteins content and a low grain content (only rice).

### SPECIAL ADDITIVES

**VITAMINS AND CHELATED MINERALS** – supplementation of vitamins and a chelated form of minerals, which is highly usable by the organism, helps support the proper functioning of the organism, prevent disease and strengthen the immune system.

**PREBIOTICS (FOS + MOS) AND PROBIOTICS *LACTOBACILLUS HELVETICUS*** – supporting the balance of the intestinal microflora and the proper functioning of the digestive tract, thus having a positive effect on the immune system and overall health.

**SALMON OIL** – a source of omega 3 fatty acid and **HYDROLYSED YEAST** – a source of vitamins, minerals and proteins that contribute to the healthy appearance of the skin and the quality of the coat.

**Composition:** beef protein (27 %), fresh beef (26 %), rice (26 %), dried apple pulp (8 %), beef fat (preserved with tocopherols, 7 %), hydrolyzed yeasts (2 %), salmon oil (2 %), egg shells (a source of calcium, 1 %), pea flour, dried blackcurrant (0.2 %), mannan-oligosaccharides (120 mg/kg), dried rosemary (100 mg/kg), dried thyme (100 mg/kg), Mojave yucca (80 mg/kg), fructo-oligosaccharides (70 mg/kg), inactivated bacteria and parts thereof (*Lactobacillus helveticus* HA – 122, 15 x 10<sup>9</sup> cells/kg).

**Analytical constituents:** crude protein 27 %, crude fat 14 %, crude fibre 2.5 %, crude ash 6 %, moisture 9 %, calcium 1.1 %, phosphorus 0.8 %, sodium 0.2 %, magnesium 0.1 %, omega-3 fatty acids 0.2 %, omega-6 fatty acids 1.6 %, protein of animal origin from total content of protein 85 %.

# Calibra - Life -

Calibra Dog Life canned foods are created for **dogs of all age categories**, including those with sensitive digestion. They are a complete food and can be a great complement to Calibra Life dry foods. The foods contribute to proper growth and development, **support the body's overall functioning** at every age, and **help strengthen immunity**.

The canned food recipes are based on a single protein, are grain-free or with a low rice content, and contain 100% defined ingredients of the highest quality. Thanks to this composition, along with a limited number of ingredients, they are **easily digestible**.

# Calibra Dog Life Cans

- ✓ Complete superpremium wet food
- ✓ Monoprotein – single source of protein of animal origin
- ✓ Grain-free or low grain – only rice
- ✓ 100% defined sources
- ✓ Limited number of ingredients for maximum digestibility
